GENDER: Female

DATE OF BIRTH: May 5, 2017

"Minnie" Lisa smile!

Minnie is a wonderful, happy tuxedo girl who loves to be loved. She insists on greeting formalities before being served a meal, which has caused a lot of stacks of clean cat bowls to go tumbling to the floor of the foster room. Minnie doesn't care, though – she just *has* to roll around on the table to get her person's attention and some pets and rubs before breakfast is served. Minnie was surrendered by her owner in West Virginia because she was moving. Minnie lived with another female named Bella but they are not bonded.

Minnie would do great in a home with people who will play with her and provide her a comfy lap (or soft fuzzy blanket) for napping. She would especially do well in a home as an only cat or a more aloof, independent cat that won't compete for human attention and affection with her. She should also do well with dogs with proper introductions.

No one eats until this girl gets pets!

Help! I've fallen and I can't get pets!

Minnie has been spayed, microchipped, vaccinated, and tested negative for FeLV and FIV. When she arrived at 4Paws, she was overweight, so she has been eating wet food only (Fancy Feast classic pate flavors) to trim down a bit.
