

NAME: Jema

GENDER: Female

DATE OF BIRTH: June 25, 2021

Jema is a beautiful DMH calico who was surrendered to 4Paws with three of her six siblings, her mother, and two half-siblings. These cats were being cared for by a couple on public assistance in Manassas. Although they couldn't afford vet care, they provided food, litter, and love to the large family living in their yard. When they needed

to move in with family in Front Royal, they called 4Paws to help them get the cats proper vet care and find them good homes.

Jema is a happy, outgoing confident cat that likes people and being around the action. She spent her time in foster bird watching and napping in the sun. She is tolerant of many other cats being around her if they have been properly introduced. Jema would do well on her own but would most likely prefer to have the company of another animal in her house. She has not been around young children but should do well if they are respectful.

Jema has had her vaccinations, is microchipped, and has been spayed. She has tested negative for FeLV and FIV.

Jema likes both wet and dry food but prefers dry. She is eating Fancy Feast class pate and grilled varieties and Purina One kibble.
