

NAME: Opie

GENDER: Male

DATE OF BIRTH: June 25, 2021

Opie is a handsome orange marmalade tabby with a white bib and soft fur. He was surrendered to 4Paws with three of his six siblings, his mother, and two half-siblings. These cats were being cared for by a couple on public assistance in Manassas. Although they couldn't afford vet care, they provided food, litter, and love to the large family living in their yard. When they needed to move in with family in Front Royal, they called 4Paws

to help them get the cats proper vet care and find them good homes.

Opie is a calm, confident cat that likes people and lounging on horizontal surfaces. He doesn't really have much to say. He spent his time in foster bird watching and napping in the sun. He is tolerant of many other cats being around if they have been properly introduced. Opie would do well on his own but would most likely prefer to have the company of another animal in her house. He has not been around young children but should do well if they are respectful.

Opie has had his vaccinations, is microchipped, and has been neutered. He has tested negative for FeLV and FIV.

Opie likes both wet and dry food. He is eating Fancy Feast classic pate and grilled varieties and Purina One kibble.
