

NAME: BriBri

GENDER: Female

DATE OF BIRTH: February 25, 2020

BriBri is a beautiful DMH buff kitty that was being cared for by a couple on public assistance in Manassas. She was pregnant and picked their house to have the 6 babies in. Although they couldn't afford vet care, they provided food, litter, and love to the large family, who became indoor/outdoor cats to the couple. When they needed to move in with family in Front Royal, they called

4Paws to help them get the cats proper vet care and find them good homes. When 4Paws began getting the cats vetted, BriBri had another litter. 4Paws took the two kittens as well. One has been adopted already but the other is still in foster and will come to the café when she is older.

BriBri is an independent girl that doesn't mind being around other cats but isn't really interested in becoming good friends with them. She spent her time in foster bird watching and napping in the sun. BriBri would do well on her own but would also work well with one of her kittens, three of which are at the café: Jema, Opie, and Christoff. She has not been around young children but should do well if they are respectful. She probably would not get along with dogs unless they were small and calm.

BriBri has had her vaccinations, is microchipped, and has been spayed. She has tested negative for FeLV and FIV.

BriBri likes both wet and dry food but prefers dry. She is eating Fancy Feast class pate and grilled varieties and Purina One kibble.
