

NAME: Oliver

GENDER: Male

DATE OF BIRTH: October 10, 2015

Oliver is a handsome DMH orange marmalade tabby with white feet. He was surrendered to 4Paws with his son Jacob because their owner was getting evicted. Oliver was very scared initially because he had never had to get into a cat carrier or a car before. It took him about a week before he learned he was safe and could relax a little. Now he is a happy, content cat. He likes napping and getting scratched under his chin and watching all the action around

him. He had a favorite spot in the foster room, up on a windowsill facing the back yard, where he could watch the birds get the seed from the hanging feeders.

Oliver could live by himself or with another cat. He has never been around dogs but should be OK if proper introduction protocols are followed and the dog is friendly and calm around him. He has not been around young children but should do well if they are respectful. He is a light shedder and has good litter box manners.

Oliver has had his vaccinations, is microchipped, and has been neutered. He has tested negative for FeLV and FIV.

Oliver likes both wet and dry food. He is eating Fancy Feast classic pate and grilled varieties and Purina One kibble.
