

NAME: Spooky

GENDER: Female

DATE OF BIRTH: May 20, 2020

Spooky was turned into rescue when her owner moved into a nursing home. She was an indoor/outdoor cat in a trailer park in Charles Town, West Virginia. She was not spayed and over the years had multiple litters of kittens. Spooky is a sweet girl and tiny, which is most likely the result of her having so many litters.

Spooky is all black with green eyes. She likes people and other cats and will do well in many different types of households. She was dressed up in doll clothes by her former owner's grandkids and didn't object. She does not like dogs.

Spooky likes napping in the sun and interacting with people.

Spooky has had vaccinations for rabies and distemper, is microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
