

**NAME:** Lady

**GENDER:** Female

**DATE OF BIRTH:** September 15, 2023

**FUR LENGTH:** Medium

**COLOR:** White (Turkish Angora breed)

**Purrsonality:** I am a good-natured girl that likes interacting with people and playing with toys, and especially enjoy chasing things through tunnels.

**Children?** I would do well with respectful kids of any age.

**Other cats?** I like other friendly, docile cats but don't need one in my new home. I settled in well in my foster home overseas and slept on my foster mom's bed with the other cats.

**Dogs?** I should do well with friendly dogs.

**Background:** Lady was found on the street as a kitten by the Basboos Project vet in Amman, Jordan. She has lived at the vet clinic and gotten all her medical services there. She was fostered by a Basboos Project volunteer. Lady is almost fully deaf so is defensive in new environments and her vocalizations are very loud. They aren't really "meows" because she probably does not have the ability to hear softer "mew" and "meow" sounds, only the louder ones like she makes. She senses vibrations to augment her hearing.

**Medical or special care notes:** Because of her almost total deafness, Lady will need to go to an adopter that is tolerant of her loud and somewhat off-putting vocalizations, although she doesn't have much to say when she is comfortable. Lady is vaccinated for rabies and distemper, microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
