

NAME: Clarice

GENDER: Female

DATE OF BIRTH: November 30, 2023

Clarice was found in Beaufort, North Carolina and transported up to Virginia where there is more demand for adoptable cats. She was trapped with her brother, Harold, but they are not bonded and can be adopted separately. Clarice is a shy and gentle girl who likes to be carefully handled before coming out of her shell to interact with people and play with them. She likes quieter environments and so avoids the hubbub of the cafe's peak hours, coming out when it is less busy to greet staff and customers.

Clarice would do well in a quiet home with adults or in a family setting with kids 14+. She should have another more confident cat in the home to help her stay engaged and provide reassurance. Clarice would probably not like loud, barky dogs but may do OK with older, mature dogs after proper introductions.

Clarice has had vaccinations for rabies and distemper, is microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
