

NAME: Jane Lew

GENDER: Female

DATE OF BIRTH: August 10, 2022

Jane Lew is from Jane Lew, West Virginia. Although her name is not very creative, she is a beautiful and friendly girl who will steal your heart! Jane was an outdoor kitty being cared for by an older man. His neighbors adopted aggressive dogs that would bark through the fence at her and the other 2 cats he was feeding. He was afraid they would break through the fence and attack the cats so he wanted

to find the cats somewhere safe to live. His sister took the two others and he gave Jane Lew to a partner rescue. Because she is so easy going and friendly the partner rescue thought she would do well at Meows Corner.

Jane Lew is shy at first but will roll around for pets from her humans and likes to hide under blankets and cat beds so she can nap. She would do well with kids 5+ and can be in a relatively active home. She would work with another kitty and could probably get along with dogs if she is not chased or barked at.

Jane Lew has had her vaccinations, is microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
