

NAME: Margaux

GENDER: Female

DATE OF BIRTH: November 1, 2023

Quit your job and cancel your plans! This pretty polydactyl (all 4 paws!) is a 24-hour cuddler and will follow you around until she gets her way. And she always gets her way.

She enjoys bird-watching, hours of hugs and kisses, being held like a baby, chasing down treats, and showing off her extra toes. She is putty in your hands and will happily settle into any position as long as she is near you. There is nothing more relaxing than hearing her soft purrs as you read a book, take a siesta, or Netflix and chill.

Margaux is inquisitive and adventuresome. Don't be surprised if you find her rifling through your cabinets or peeking into the fridge. She is neither fearful nor shy; she quickly adapts to new people, and she doesn't hide from the vacuum. This is a bold, well-adjusted kitten who knows her place in the world. She likes other cats and would enjoy having a friend to keep her occupied while her humans are out of the house.

Margaux has had vaccinations for rabies and distemper, is microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
