

NAME: Brian & Andrew

GENDER: Male

DATE OF BIRTH: March 24, 2024

FUR LENGTH: Short

COLOR: Buff and white tabby

Purrsonality: Brian and Andrew are fun-loving brothers that like to romp with other cats then sack out on the couch with their playmates for some snoozing. They love people and are affectionate.

Children? Andrew and Brian would do well with children of all ages.

Other cats? This pair would do well with other cats, especially males that like to play a lot.

Dogs? Brian and Andrew have never been tested with dogs but should be adaptable if the resident dogs are calm and friendly.

Background: Andrew and Brian were transferred to Virginia after they were taken in by a rescue in Beaufort, North Carolina after being trapped with their mother. Their mother was feral and after the kittens were weaned, they were fostered and socialized so they could be adopted.

Medical or special care notes: Andrew and Brian have had vaccinations for rabies and distemper, are microchipped, and have been neutered. They have tested negative for FeLV and FIV. They are eating Fancy Feast classic pate and Purina One kibble.
