

NAME: Tinker

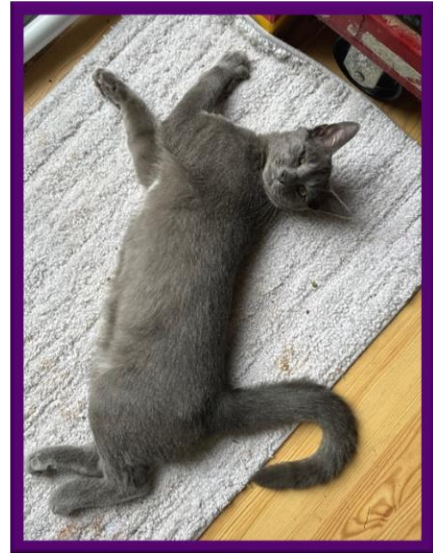

GENDER: Male

DATE OF BIRTH: November 16, 2023

FUR LENGTH: Short

COLOR: Grey and white

Purrsonality: I like wrestling with the younger kittens and napping with my brothers Spot, Soldier, and Tailor in foster. When my foster human came into the foster room, I would throw myself on her feet and try to weave through her legs as she was walking to get attention. I am easy-going and let you trim my nails.

Children? I would do well with kids of any age.

Other cats? I will need at least one other active cat in my home and would do best with any of my brothers.

Dogs? I should do well with friendly dogs.

Background: Tinker and his brothers were born in Alexandria to a family that had two unspayed sister cats. They would escape and come back pregnant. All the kittens were raised together in the condo and got lots of love and attention from the multi-generational family.

Medical or special care notes: Tinker is vaccinated for rabies and distemper, microchipped, and has been neutered. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble.
