

**NAME:** Roni

**GENDER:** Female

**DATE OF BIRTH:** July 6, 2024

**FUR LENGTH:** Short

**COLOR:** brown tabby

**Purrsonality:** Roni is a quiet and calm girl that will avoid people she doesn't know when they approach her too quickly. She is still learning that people just want to be friends and playing with other cats and humans is fun. She likes playing with spring toys and jingle balls.

**Children?** Roni would do best with older children who can understand her needs for a patient approach and handling.

**Other cats?** Roni likes other kittens and should go to a home with another kitten her age or a little older to help her confidence develop.

**Dogs?** Roni probably would be scared of dogs and will need time to adjust to a friendly dog's presence.

**Background:** Roni was trapped as a part of a TNR operation at a townhouse development in Burke. There are woods nearby and the street was a cul-de-sac so stray cats would congregate there and come into the townhome properties looking for food and shelter.

**Medical or special care notes:** Roni is vaccinated for rabies and distemper, microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
