

NAME: Ali

GENDER: Male

DATE OF BIRTH: June 1, 2023

Ali is from Amman, Jordan and was rescued by Americans working at the U.S. Embassy there. He is an orange and white DMH tabby who has designated himself the Spokescat for the Meows Corner Foster Room. The first to interact with the foster when she enters the room, Ali usually has a list of demands that begins with “breakfast!” and ends with “pets!”

Ali always wants to be the first with his face in the bowl after a new can of food has been served. This tends to put the adult cats off – they value a calm, private meal and, although hungry, they will wait for the feeding frenzy to die down a bit. The kittens, however, are used to eating as a group, sharing the same bowls as their ears rub together and the food disappears. They don’t mind when Ali runs from bowl to bowl grabbing bites of food.

Ali is outgoing and is adaptable to a wide range of lifestyles and home environments. If proper integration protocols are followed, he should be able to live in a multi-pet household. He did not react to the foster’s large dog so he should be OK with friendly dogs that don’t bark at him or chase him. Ali will need another cat in the home as he is quite a playful and busy boy. He is still learning that being held and given noisy kisses are good things, so he will need someone who can move slowly when handling him initially so he doesn’t panic.

Ali has had his vaccinations, is microchipped, and has been neutered. He has tested negative for FeLV and FIV. He likes wet food and is eating Fancy Feast classic pate at Meows Corner.
