He likes sleeping and playing with the other cats in foster and will be the first to run to humans to greet them and charm them with his clown-like behaviors. Simon makes anything into a toy and likes playing with balls, springs, and catnip mice. He is easily handled and lets people trim his nails.

Children? Simon would do well with kids of all ages and would enjoy having an active family to keep him occupied.

Other cats? Simon will need another cat friend in his home to play with.

Dogs? Simon would do well with friendly, playful dogs.

Background: Simon was caught during a trapping operation in Burke and taken into 4Paws for fostering and vetting. He was given an ear tip by the vet because he had not been evaluated for tameness when he was initially trapped and neutered. But he turned out to be friendly so was transferred to a regular foster home for adoption.

Medical or special care notes: Simon has had vaccinations for rabies and distemper, is microchipped, and has been neutered. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble.
