Background: Zhen was adopted as a young kitten and broke her rear leg in an accident when she was 8 weeks old. The vet decided that amputation was the best option for her. Since the injury happened when she was so young, it hasn't really affected Zhen, and she is able to use her single back leg to keep up with her four-legged friends. Her owner contacted 4Paws to take Zhen when she moved to Texas.

Medical or special care notes: Zhen is vaccinated for distemper and rabies, spayed, and microchipped. She tested negative for FeLV and FIV. She has been eating Fancy Feast Pate (no fish flavors) and Purina One Indoor Advantage turkey kibble.
