

NAME: Franco

GENDER: Male

DATE OF BIRTH: May 24, 2024

FUR LENGTH: Medium

COLOR: Black

Purrsonality: Franco is an easy-going male who enjoys headbutting people for love and pets. He will lay his head on your lap to get your attention to give him some scratches. He is also playful and chases springs, plays with wand toys, and watches the other cats. He grew up with a pile of rambunctious brothers, so he does well handling cues from other cats.

Children? Franco would do well with kids of all ages and would enjoy having an active family to keep him occupied.

Other cats? Franco will need another cat friend in his home.

Dogs? Franco would do well with friendly, playful dogs.

Background: Franco is one of seven kittens that Meows Corner alum, Ruby, had after she was rescued off the streets in Alexandria. Ruby and one of his brothers have already been adopted from Meows Corner. Some of Franco's other brothers are still in foster and waiting for their turns to live at the café and find their forever homes!

Medical or special care notes: Franco is neutered, has had his vaccinations for rabies and distemper, and is microchipped. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble.
