

**NAME:** Darby

**GENDER:** Male

**DATE OF BIRTH:** September 22<sup>nd</sup>, 2024

**FUR LENGTH:** Short

**COLOR:** Black tuxedo

**Purrsonality:** Darby is initially cautious in new environments and around new individuals. He seeks the companionship of other cats and can often be found curled up in a pile with others. He is very curious, and enjoys exploring the lounge, cat trees, and all of the different toys! Once he warms up to people, he likes to play with the wand toys and receive treats.

**Children:** Darby would do best with children 10+.

**Other cats:** Darby will need a buddy to play with in his new home.

**Dogs:** Darby has not been tested with dogs but should do OK with friendly dogs after SLOW introductions.

**Background:** Darby, Charlotte, Sybil and Winston were found in a bad area of DC and taken into foster by a TNR volunteer. They were transferred to a foster for the café after they were altered. They are not bonded to each other but can be adopted together since they are littermates, and would make good companion cats for sole cats that need a friend.

**Medical or special care notes:** Darby has been neutered, vaccinated against rabies and distemper, tested negative for FIV and FeLV, and is microchipped. He is eating Fancy Feast pate wet food (no fish flavors) and Purina One kibble.
