

NAME: Bianca

GENDER: Female

DATE OF BIRTH: Sept. 30, 2022

FUR LENGTH: Short

COLOR: White

Purrsonality: Bianca is calm, casual girl who enjoys a balance of human attention and peaceful existence with her humans. She isn't a fan of the café environment on busier days but still welcomes pets and attention from visitors. Bianca will need a low-energy home.

Children? Bianca should do well in homes with children over 10.

Other cats? Bianca can go as a single cat but can live with other friendly cats.

Dogs? Bianca has never been around dogs and would need a very calm, quiet dog that is neutral towards them after proper integration.

Background? Bianca was found as a young kitten with her sister in a lady's front yard in Herndon right before the weather turned very cold in 2021. She watched videos online to learn how to care for them. She did a great job bottle feeding them, and when they were older, she called 4Paws to find them a good home. Bianca and her sister, Daisy, were adopted in 2022 from Meows Corner but returned in late 2025 because of their adopter's health issues. Daisy was recently adopted from the café.

Medical or special care notes: Bianca tested negative for FeLV and FIV. She has had rabies and distemper vaccines, has been spayed, and dewormed and microchipped. She likes both wet and dry food and will drink water from both a fountain and a bowl. She is eating Fancy Feast classic pate and Purina One Indoor Advantage turkey kibble.
