FUR LENGTH: Short

Purrsonality: Aviana is a calm, loving girl with pretty gold eyes and a soft coat. She is a confident and low-key kind of kitty that enjoys hanging around until a human passes by so she can turn on her charm and solicit pets.

Other Cats? Aviana gets along with other cats but can go as a single.

Children? Aviana would do well with kids of all ages.

Dogs? Aviana has not been tested with dogs but should do well with calm, friendly dogs.

Background: Aviana was caught in a trap-neuter-return operation in Falling Waters, West Virginia when she was about to give birth. The trapper didn't have the room or experience to manage her through the birth and raise the kittens, so she reached out to the cat rescue network in WV and found 4Paws. After the babies were weaned, they were taken by another rescue and 4Paws took Aviana.

Medical or special care notes: Aviana has no medical conditions that 4Paws is aware of. She is vaccinated for distemper and rabies, spayed, and microchipped. She tested negative for FeLV and FIV. She has been eating Fancy Feast Pate (no fish flavors) and Purina One Indoor Advantage turkey kibble.
