

NAME: Airy

GENDER: Female

DATE OF BIRTH: June 3, 2024

FUR LENGTH: Short

COLOR: Grey tabby

Purrsonality: Airy is a rough-and-tumble kitten with a good balance of snuggles and spiciness. She spent her early months wrestling and romping with her siblings and other foster kittens so became well-socialized with cats of all personalities. Airy likes playing with the other young cats at Meows Corner but will also settle down for a nap in a private hidey-hole when she is all played out. She loves spring toys and treats.

Children? Airy would do well with kids of all ages if they are respectful when handling her.

Other cats? Airy will need another cat <3 yrs old in her home because of her young age and social personality.

Dogs? Airy has not been tested with dogs but should do OK with friendly, calm dogs after proper introductions.

Background: Airy's mother was found outside when she was pregnant and brought into foster. Airy was born soon after and when she was weaned and vetted, she was transferred to Meows Corner where she could spend her days romping around with the cats and getting cuddles from the human visitors.

Medical or special care notes: Airy has had vaccinations for rabies and distemper, is microchipped, and has been Spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate (no fish flavors) and Purina One Indoor Advantage turkey.
