

NAME: Chickie

GENDER: Female

DATE OF BIRTH: July 17, 2024

FUR LENGTH: Short

COLOR: Brown tabby

Purrsonality: I am a sweet and pretty girl with a lot of love to give and a gentle but playful side. I am friendly to humans and like other animals.

Children? I would do great with kids of all ages.

Other cats? I like cats but can go as a single kitty.

Dogs? I would do well with friendly dogs after proper introductions.

Background: Chickie was found with two kittens when she was 9 months old and fostered in rescue in Hedgesville, West Virginia. She was very young to have had a litter already and was skinny. The pregnancy and nursing had taken a lot from Chickie but once she got safely inside with proper care and nutrition, she and her babies began doing much better. Her babies have been adopted through 4Paws and now it is Chickie's turn. She will always be a tiny kitty because the energy her body should have been using to grow was spent on supporting her babies' growth and nursing them.

Medical or special care notes: Chickie has had vaccinations for distemper and rabies, is microchipped, and has been spayed. She has tested negative for FeLV and FIV.
