

NAME: Zac and Zoe

GENDER: Male and female

DATE OF BIRTH: 4/20/15 &  
4/30/15

FUR LENGTH: Long

COLOR: Ragdoll – seal & seal point

**Purrsonality:** True to their breed, these lovely cats are calm, friendly, and social with their humans. Zac is an outgoing fellow that likes observing outdoor activities and being with his people. Zoe is a little shy but will accept pets if approached below her head with the hand. They will need experienced long-haired breed owners who can maintain their coats and afford regular grooming.

**Children?** Zac and Zoe well with gentle, quiet kids 14+ or in an adult-only home.

**Other cats?** Zac and Zoe do well with other adult cats.

**Dogs?** Zac and Zoe would do well with friendly dogs after proper introductions.

**Background:** Zac and Zoe were purchased from a Florida breeder when they were kittens. Their owner recently passed away. The owner's children got annoyed with Zoe when she approached them for attention because they did not like the cats. They would smack her head with their open hands. As a result, Zoe requires a patient, gentle person to help her understand she is safe now. It may take longer for her to become comfortable in her new home.

**Medical or special care notes:** Zac and Zoe have had vaccinations for rabies and distemper, are microchipped, and have been altered. They have tested negative for FeLV and FIV. 4Paws has their registrations. They are not fans of the Fancy Feast food but are eating Purina One Indoor Advantage turkey.
