

NAME: Fia

GENDER: Female

BIRTH DATE: September 9, 2019

FUR LENGTH: Short

COLOR: Tortie

Purrsonality: Fia is a feisty tortie with soulful eyes. Fia is social with her humans but can be selective about her cat friends. She is an independent girl that likes being interacted with on her terms. She is friendly and will approach you for pets but is not a cuddly lap cat. She is playful and likes having little chats with her people. Her favorite pastime is sitting in the sun being entertained by the blowing leaves and the birds and squirrels through the window. She can move surprisingly fast and has escaped her foster room to be with her foster mom and explore the rest of the house.

Other Cats? If paired with a cat, Fia would do best with an independent adult male kitty that is accepting of her presence and understands she needs her personal space respected.

Children? Fia would do well with older children (14+).

Dogs? Fia may consider friendly dogs mildly annoying but would tolerate them if they knew she is the boss.

Background: Fia was turned in at the Frederick County Animal Shelter as a young stray in November 2019 and adopted in December 2019. Her former owner needed to rehome Fia because she had to move back into her parents' house and her father's cat and Fia didn't get along.

Medical or special care notes: Fia had inflammation in her oral soft tissue in 2024, which resulted in her having most of her teeth extracted leaving three canine teeth. Fia is vaccinated for distemper and rabies, spayed, and microchipped. She tested negative for FeLV and FIV. She has been eating Fancy Feast Pate (no fish flavors) and Purina One Indoor Advantage turkey kibble.
