

NAME: Citrine

GENDER: Female

DATE OF BIRTH: April 9, 2025

FUR LENGTH: Short

COLOR: Orange tabby

Purrsonality: Citrine is a rough-and-tumble young girl that likes wrestling with her littermates and other friends she has made at Meows Corner. She is cuddly with people when it is time to rest, but is always ready to take on her next adventure.

Children: Citrine would love being friends with children of all ages.

Other cats: Citrine likes other cats and will require an active young cat in her new home.

Dogs: Citrine has not been tested with dogs but will do well with calm, friendly dogs.

Background: Citrine and her four siblings were found in Hedgesville, West Virginia when they were three days old. Their mother was killed by a coyote. They were bottle-fed and are therefore very well socialized with people and used to being handled and played with. Citrine is very playful and cuddly with people. Two of her sisters (Toffee and Buttons) have been adopted and a brother (Silvan) is currently at the café with Citrine. Her other brother (Melan) will be coming to the café soon.

Medical or special care notes: Citrine has been spayed, vaccinated against rabies and distemper, tested negative for FIV and FeLV, and is microchipped. She is eating Fancy Feast pate wet food and Purina One kibble.
