

NAME: Kye

GENDER: Male

DATE OF BIRTH: August 11, 2019

FUR LENGTH: Long, double-coated

COLOR: Grey – Nebelung breed

Purrsonality: I like wrestling with the younger kittens and napping with my brothers Spot, Soldier, and Tailor in foster. When my foster human came into the foster room, I would throw myself on her feet and try to weave through her legs as she was walking to get attention. I am easy-going and let you trim my nails.

Children? I would do well with kids of any age.

Other cats? I like cats and would prefer to have a cat friend in my home.

Dogs? I should do well with friendly dogs.

Background: Kye was found in a shelter with fur matting and underweight. His adopters wanted to see him thriving, so they took him home. They had to have him completely shaved due to the severity of his mats. They put him on quality food, and he is back to a healthy weight. His fur has grown back, and he is as handsome as ever! They contacted 4Paws to find Kye the forever home he deserves. Kye likes getting brushed, attention, wet food, and kitty companions. He is not fond of nail clipping, suddenly being picked up, and having his nose wiped.

Medical or special care notes: Kye is vaccinated for rabies and distemper, microchipped, and has been neutered. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble. Nebelungs need regular brushing 2-3 times a week and some may need to keep their “britches” trimmed for sanitary purposes.
