

**NAME:** Montenegro "Monty"

**GENDER:** Male

**DATE OF BIRTH:** Feb. 01, 2018

**FUR LENGTH:** Medium

**COLOR:** Chinchilla persian

**Purrsonality:** Hello everyone, I am a mature fellow that is non-reactive to other cats and likes spending time with people. I grumble a lot, as us "old men" tend to do, but I don't mean anything by it. I like food and naps!

**Children?** I would do well with kids of any age.

**Other cats?** I can get along with other friendly cats if they don't pester me. I can also be an only pet.

**Dogs?** I should do well with friendly dogs.

**Background:** Monty was found outside near the Amman, Jordan U.S. embassy compound. He was so friendly he was temporarily "adopted" by an American who took care of him in her home. He was examined by a vet and needed expensive dental work, which is probably why his former owner chose to release him outside. He eventually was allowed to mix with his foster's other cats and did well, so she transferred him to 4Paws. He did great on the lengthy trip to Fairfax from JFK and quickly settled into his new temporary home before coming to Meows Corner.

**Medical or special care notes:** Monty is vaccinated for rabies and distemper, microchipped, and has been neutered. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble.
