

NAME: Silvan

GENDER: Male

DATE OF BIRTH: April 9, 2025

FUR LENGTH: Short

COLOR: Black

Purrsonality: Silvan is a calm boy that enjoys humans and other cats. He likes sprawling out on the floor and watching outside action, whether it is leaves blowing by the door in the wind, or birds flitting about while preparing for the cold weather.

Children: Silvan would love being friends with children of all ages.

Other cats: Silvan likes other cats and will require an active young cat in his new home.

Dogs: Silvan has not been tested with dogs but will do well with calm, friendly dogs.

Background: Silvan and his four siblings were found in Hedgesville, West Virginia when they were three days old. Their mother was killed by a coyote. They were bottle-fed and are therefore very well socialized with people and used to being handled and played with. Silvan is very playful and cuddly with people. Two of his sisters (Toffee and Buttons) have been adopted and a sister (Citrine) is currently at the café with Silvan. His other brother (Melan) will be coming to the café soon.

Medical or special care notes: Silvan has been neutered, vaccinated against rabies and distemper, tested negative for FIV and FeLV, and is microchipped. She is eating Fancy Feast pate wet food and Purina One kibble.
