

NAME: Lars

GENDER: Male

DATE OF BIRTH: October 17, 2020

FUR LENGTH: Short

COLOR: Black and white

Purrsonality: Lars is an expressive, sensitive boy that will come to you for pets and conversation. He is from California, so lives by the philosophy that life is best lived in a casual, easy way, with lots of love for your people. Lars got bullied by some east coast gangster wannabes in his foster room. Being the type that doesn't want any trouble, Lars kept to himself. He liked the friendly kitties in the foster room and has been around cat-friendly dogs and kids before. Lars would do best in a low-energy home.

Children? Lars would do well with respectful kids of all ages.

Other cats? Lars is submissive and would do well with other friendly cats or kittens, or he can go as an only cat.

Dogs? Lars will do well with friendly, calm dogs after proper introductions.

Background: Lars' former humans had to give him up due to allergies and a move.

Medical or special care notes: Lars has perineal urethrostomy surgery to resolve urinary crystals in 2022. Cats in this situation need to keep hydrated and the phosphorus level low, so Lars' adopter will need to continue a diet of non-fish, non-gluten wet food to ensure he stays healthy. He has been doing great on Fancy Feast pate and also likes Weruva low phosphorus chicken. Lars tested negative for FeLV and FIV and has been microchipped. He has had rabies and distemper vaccines. He has been neutered. He likes both wet and dry food and prefers to drink water from a fountain. He is eating Fancy Feast classic pate and Purina One Indoor Advantage turkey kibble at Meows Corner.
