**Purrsonality:** Sky is a calm and reserved girl that knows she can handle anything life throws at her. She likes people and other cats but maintains her ladylike mannerisms and an air of dignity about her when interacting with them. She has a low-key way about her and doesn't require a lot of activity to be happy.

**Children?** Sky should do well with respectful kids of all ages.

**Other cats?** Sky would do great with other friendly cats.

**Dogs?** Sky is scared of dogs so should not be adopted into a home with one.

**Background:** Sky and a girlfriend (Ruby – coming soon) were rescued off the streets of Alexandria by a pair of sisters who had been feeding them. They could tell Ruby was pregnant and suspected Sky was as well. They wanted to ensure the cats and their babies were safe and got the best care, so they contacted 4Paws Rescue Team, Inc. Sky had 4 babies on 6/3/2024 and is now ready to find her own forever home!

**Medical or special care notes:** Sky has had vaccinations for rabies and distemper, is microchipped, and has been spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
