

NAME: Jasper

GENDER: Male

DATE OF BIRTH: May 24, 2024

FUR LENGTH: Short

COLOR: Brown tabby

Purrsonality: Jasper is an affectionate and gentle boy who wants pets from people and head butts from his cat friends. He will prioritize attention from humans to food and let his friends eat while he takes advantage of the “one-on-one” time it offers for him to get pets and hugs. Jasper is also a very playful boy and will chase catnip toys, springs, balls, and teaser toys. He is an easy-going male that takes cues from other cats well and doesn’t escalate situations with defensive or grumpy kitties.

Children? Jasper would do well with kids of all ages and would enjoy having an active family to keep him occupied.

Other cats? Jasper will need another cat friend in his home to play with.

Dogs? Jasper would do well with friendly, playful dogs.

Background: Jasper is one of seven kittens that Meows Corner alum Ruby had after she was rescued off the streets in Alexandria. Ruby and one of her kittens, Emery, have already been adopted from Meows Corner. But Jasper’s four other brothers and one sister are in foster waiting for their turns to live at the café while they wait for their forever homes.

Medical or special care notes: Jasper has had vaccinations for rabies and distemper, is microchipped, and has been neutered. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble.
