

**NAME:** Geneva

**GENDER:** Female

**DATE OF BIRTH:** May 18, 2025

**FUR LENGTH:** Short

**COLOR:** Grey tabby

**Purrsonality:** Geneva is a purry girl but doesn't like to be held for very long. She will get squirmy to be put down but will continue to rub around your legs for additional pets. Geneva is energetic and playful.

**Children?** I would do well with older children 10+.

**Other cats?** I need another active, young cat in my home. I have lived with Venus, Smokey, and Oscar.

**Dogs?** I should do well with friendly dogs.

**Background:** Geneva was found in a wooded area in West Virginia with her two siblings. Their rescuer found an adopter for her two sisters, but Geneva came to 4Paws to find her forever home. She is cautious when she is in new situations so would do best with adopters and older children that can be patient with her integration. She has been in foster with other kittens and is well-socialized with people and cats. She came to Meows Corner with Oscar, Smokey, and Venus.

**Medical or special care notes:** Geneva is vaccinated for rabies and distemper, microchipped, and has been neutered. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate and Purina One kibble.
